

ICO reports: ICC-122-12 ICC-122-10 Rev.1

Marcela Umaña 122nd Session of the International Coffee Council 17-21 September 2018

## National quality standards ICC-122-12

### **National quality standards**

- Information requested ED-2271/18
- Replies received from:
  - 15 Members
  - One non-member

- Replies to a previous request were received from 11 Members
- Total: 27 countries

### **National quality standards**

- Focus is green coffee for export
- Some information on ground and soluble coffee was also reported
- Three categories of quality standards:
  - National: 18 Members
  - International: 2 countries
  - Both national and international: 7 Members

## Criteria used for green coffee quality standards: 12 categories

	Altitude/ region	Type Ara./Rob.	Process/ preparation wet/dry	Bean				Moisture	Odour	Number	Cup quality/	Sensorial/ aroma, roast,

# MRLs for pesticides ICC-122-10 Rev. 1

### **Maximum Residue Limits (MRLs)**

- Information requested ED-2267/18
- Replies received from:
  - 16 Members
  - One non-member

- Replies to a previous request were received from 7 Members
- Total: 23 countries and the EU

### Maximum Residue Limits (MRLs)

- Three categories of national regulations for MRLs:
  - Following Codex: 3 Members
  - Following Codex combined with standards defined by EAS, EU, Japan or US: 8 Members
  - Own national standards: 7 Members

- Negligible use of pesticides: 5 members
- 4C's baseline sustainability standard

### Codex list of 32 pesticides applicable to coffee

- Aldicarb
- Azoxystrobin
- Boscalid
- Buprofezin
- Carbendazim
- Carbofuran
- Chlorantraniliprole
- Chlorpyrifos
- Clothianidin
- Cyantraniliprole
- Cyhalothrin (includes lambdacyhalothrin)

- Cypermethrins (including alpha- and zeta- cypermethrin)
- Cyproconazole
- Cyproconazole (Coffee beans, Roasted)
- Diquat
- Disulfoton
- Endosulfan
- Fenpropathrin
- Flutriafol
- Glufosinate-Ammonium

- Haloxyfop
- Imidacloprid
- Permethrin
- Phorate
- Propiconazole
- Pyraclostrobin
- Saflufenacil
- Spirodiclofen
- Tebuconazole
- Terbufos
- Thiamethoxam
- Triadimeton
- Triadimenol
