

Statistics Committee  
28<sup>th</sup> meeting  
20 September 2010  
London, England

**Exports of all forms of coffee  
to exporting countries from all origins  
October to June: 2005/06 to 2009/10**

## Background

1. Until the ICA 2007 comes into effect, exporting Members have been requested to provide information on the volume and value of imports of coffee on a monthly basis, when available, by form/type of coffee and by origin. Thereafter, compliance by exporting Members with this obligation will be reported to the Committee on a regular basis.
2. Since October 2008, only two exporting Members (Brazil and El Salvador) have regularly submitted to the Organization reports on their monthly imports of coffee. It should be noted that some exporting countries may experience delays in meeting this request usually due to the need to obtain the information from the Customs Authorities and/or Central Banks.
3. Tables 1 and 2 show the volume of total exports of all forms of coffee to exporting countries as the declared destination by origin by exporting and importing countries, respectively, in the period October to June 2005/06 to 2009/10. In the case of importing countries, data for 2010 are partial which explains the low volume in the last 9 months. The Graph shows the evolution of exports to exporting countries by exporting and importing countries in the period covered by this report.
4. On average, 84% of exports to exporting countries are originated in exporting countries whereas 16% have their origin in importing countries.
5. Tables 1a and 2a show, respectively, the same data as specified in paragraph 3 by destination. In the 9 months of coffee year 2009/10, seven exporting countries have each been declared as the final destination of over 100,000 bags: Venezuela (358,501 bags), Indonesia (314,121 bags), Mexico (302,401 bags), Colombia (265,805 bags), Ecuador (257,463 bags), the Philippines (232,031 bags) and India (195,826 bags).
6. The Organization will continue to monitor the exports to exporting countries from both sources and reports will be prepared to the Committee on a routine basis.

## Action

The Statistics Committee is requested to take note of this document.
